AN OPEN LETTER TO ALL UNAMENDED BRETHREN THROUGHOUT NORTH AMERICA

Attention : Ecclesial Secretary – Please share this information with your members. Thank you !!!

We, the members of the Henderson Kentucky Unamended Christadelphian Ecclesia, wish to express that our position on the NASU document remains the same as stated in a letter published in the Advocate dated June 2003.

We realize that by standing firm in our support of the BUSF exclusively, that our fellowship with some unamended Ecclesias will be affected.

We have considered this last mailing from the NASU Steering Committee and we concluded that nothing had changed in the document that would warrant a change in our position.

Furthermore, we take exceptions to this self appointed steering committee, demanding a vote on their proposal. We do not recognize their authority as being representative of all the unamended or amended Ecclesias in North America. Therefore, we will not participate in a vote which we are certain will further fragment the Christadelphian Community, for there is no doubt that as a result of their efforts a third fellowship of NASU supporters will come about.

The brothers and sisters of the Henderson Unamended Christadelphian Ecclesia
