

February 20, 2005

To the Unamended Christadelphian ecclesias of North America:

The members of the Saint Paul, Minnesota, Christadelphian Ecclesia, presently involved in the decision process concerning the North American Statement of Understanding (NASU), wish to make the following known:

We meet, and in future intend to meet, upon the basis of the (Birmingham) Unamended Statement of Faith. We welcome to the Lord's table any validly baptized Christadelphian who can agree with these beliefs and is in good standing in his or her home area. This has always been our position on receiving others and will continue thus, irrespective of the party alliances of that member.

Anyone wishing to continue a dialogue with the ecclesia concerning our past experience may bring this to the attention of Brother Norman Sweeny.

Respectfully in the Master's Service,

The Christadelphian Ecclesia of St. Paul, Minnesota
